Hi Charles,

Thank you for contacting Pax8 Support!

In order to complete the NCE change of channel away from Pax8, there are a few pre-requisites that need to be completed. Can you please have the new distributor submit a billing transfer request within the customer's tenant in Partner Center. In the transfer request, please provide the following:

Customer name: Odyssey Systems Consulting Group
Customer email: provisioning@pax8.com
Current Partner name: Pax8
Current Partner MS ID: 3de67d67-88e8-42c0-88ea-13bfc2fc2f55 (US Partners)

Please provide the following in a text format - This is required for us to move forward on the transfers:

-All Customer Names and Pax8 Customer IDs (Found on the company page in Pax8) for companies moving:
-All Transfer Request IDs generated with transfers:
-Applicable Subscriptions if not all are being moved:

*Please note your account will need to be in current good standing for Pax8 to process this request, please ensure your billing has been brought current by navigating to billing > billing ledger to see your current account outstanding amount.

Thanks,
Florence
